Dear Mr. Johnson,

The United States Government has made a contribution on
USD\$ 175,000 in support of the continuation of the Rules of
the Road project of the Tribunal. Please be informed that
this amount shall be subject to the thirteen (13) per cent
programme support costs, in accordance with the United
Nations regulations.

On behalf of the Tribunal, I would like to take this
opportunity to express my gratitude for the continuous
support the United States had given to the Tribunal.

Yours Sincerely,
/S/
Hans Holthuis
Registrar

[1](#)3. Comment. As indicated in reftel, the Rules of the Road
program was in dire financial straits until the USG
contribution. Earlier in the summer the ICTY Deputy
Prosecutor and other senior officials in the Office of the
Prosecutor (OTP) extended their personal thanks for the USG's
donation, without which this important program would have
died. The OTP is currently formulating with OHR a joint plan
that would transition the Rules of the Road program to
Sarajevo in order to ensure that the tremendous expertise it
has developed will be available to the new State Court and
contribute to the Tribunal's completion strategy. End
comment.
